secr: +46 (8) 736 92 10

ACADEMIC DEGREES AND AWARDS

1. Honorary doctor at Hanken School of Economics, Helsinki, 2009.
2. The Torsten and Ragnar Söderberg Prize in Economic Science, 1999.
3. Docent¹ in economics, Stockholm University, 1988.
4. Docent in applied mathematics, Royal Institute of Technology, 1984.
5. Ph.D. in applied mathematics, Royal Institute of Technology, 1978.
6. M.Sc. in applied mathematics and physics, Royal Institute of Technology, Stockholm 1972.
7. Undergraduate courses in philosophy, Stockholm University, 1969-72.

CURRENT AND PREVIOUS APPOINTMENTS

1. A.O. Wallenberg professor of economics, Department of Economics, Stockholm School of Economics, 1995-present.
2. Professeur en cours, Department of Economics, Ecole Polytechnique, Paris, 2005-present.

¹ The formal requirements for the "docent" title amount to about twice those for a Ph.D. thesis.

3. Affiliated professor, Department of Mathematics, Royal Institute of Technology, Stockholm, 2010-present.
4. Professor, Economics Department, Boston University, 2002-04.
5. Visiting scholar, Economics Department, M.I.T., spring 2001.
6. Söderberg professor in theoretical economics, Economics Department, Stockholm University, 1990-95.
7. Visiting professor, Economics Department, Princeton University, 1989-91.
8. Researcher at the Institute of Industrial Economics, Stockholm, 1992-2002.
9. Researcher, Institute for International Economic Studies, Stockholm University, 1984-89.
10. Visiting lecturer, Regional Science Department, University of Pennsylvania, Philadelphia, 1980.
11. Researcher, Research Group for Urban and Regional Planning, Mathematics Department, Royal Institute of Technology, 1974-79, 1981-85.
12. Visiting researcher, Centre de Recherche d'Urbanisme, Paris, 1972-73.

OTHER PROFESSIONAL ACTIVITIES AND AFFILIATIONS

1. Member of the council of the Econometric Society.
2. Member of the committee for the Alfred Nobel memorial prize in economic science, the Royal Swedish Academy of Sciences, 1995-2007.
3. Head of the Economics Department, Stockholm School of Economics, 2005-2007.
4. Fellow of the European Economic Association, 2004-present.
5. Member of the Royal Swedish Academy of Sciences, 1998-present.
6. Fellow of Econometric Society, 1999-present.
7. Program chair, European Economic Association Annual Congress 2001.
8. Member of organizing committee for the Nobel Symposium on Behavioral and Experimental Economics, 2001.
9. Associate editor of *Econometrica*, 1995-2001.
10. Member of the local organizing committee, Econometric Society European Meeting, Uppsala, 1993.
11. Member of the organizing committee, Nobel symposium on Rationality and Equilibrium, 1993.
12. Program committee member, Econometric Society European Meeting 1992.
13. Program committee member, European Economic Association meeting 1989.
14. Associate editor of *Regional Science and Urban Economics*, 1980-86.

PUBLICATIONS

1. "A strategy-proof Condorcet jury theorem", with Jean-Francois Laslier, forthcoming, **Scandinavian Journal of Economics**, 2011.
2. "A generalization of Hamilton's rule – Love others how much?", with Ingela Alger, forthcoming, **Journal of Theoretical Biology**, 2011.
3. "Kinship, incentives, and evolution", with Ingela Alger, **American Economic Review** 100, 1725-1758, 2010.
4. "Multiple solutions under quasi-exponential discounting", with Nicolas Vieille, **Economic Theory** 39, 513-526, 2009.
5. "Family ties, incentives and development: a model of coerced altruism", with Ingela Alger, in Kaushik Basu and Ravi Kanbur (eds.) **Arguments for a Better World: Essays in Honor of Amartya Sen**. Oxford University Press, 2009.
6. "Language, meaning and games - A model of communication, coordination and evolution", with Stefano Demichelis, **American Economic Review** 98, 1292-1311, 2008.
7. "Long-run price competition", with Prajit Dutta and Alexander Matros, **RAND Journal of Economics** 38, 291-313, 2007.
8. "Political polarization", with Avinash Dixit, **Proceedings of the National Academy of Sciences** 104, 7351–7356, 2007.
9. "Better may be worse: some monotonicity results and paradoxes in discrete choice under uncertainty " with Lars-Goran Mattsson, Mark Voorneveld, **Theory and Decision** 63, 121-151, 2007.
10. "Natural selection and social preferences", with Marcus Salomonsson, **Journal of Theoretical Biology** 239, 79-92, 2006.
11. "Discounting and altruism to future decision-makers", with Maria Saez-Marti, **Journal of Economic Theory** 122, 254–266, 2005.
12. "Testing game theory", in S. Huck (ed.): **Advances in Understanding Strategic Behaviour: Game Theory, Experiments, and Bounded Rationality - Essays in Honor of Werner Guth**. Palgrave, 2004.
13. "Social norms and welfare state dynamics", with Assar Lindbeck and Sten Nyberg, **Journal of the European Economic Association** 1, *Papers and Proceedings*, 533-542, 2003.
14. "Deterministic approximation of stochastic evolution in games", with Michel Benaim, **Econometrica** 71, 873-903, 2003.
15. "Punctuality - a cultural trait as an equilibrium" with Kaushik Basu, in R. Arnott et al. (eds.), **Economics for an Imperfect World: Essays in Honor of Joseph Stiglitz**. MIT Press, 2003.
16. "Evolution in games with endogenous mistake probabilities", with Eric van Damme, **Journal of Economic Theory** 106, 296-315, 2002.

17. "Probabilistic choice and procedurally bounded rationality", with Lars-Göran Mattsson, ***Games and Economic Behavior*** 41, 61-78, 2002.
18. "Neutrally stable outcomes in cheap-talk coordination games", with Abhijit Banerjee, ***Games and Economic Behavior*** 32, 1-24, 2000.
19. "Internal efficiency and external conditions". In Maskin E. and A. Simonovitz (eds.), ***Planning, Shortage, and Transformation – Essays in Honor of Janos Kornai***. MIT Press, 2000.
20. "Clever agents in Young's evolutionary bargaining model", with Maria Saez-Marti, ***Journal of Economic Theory*** 86, 268-279, 1999.
21. "Social norms and economic incentives in the welfare state", with Assar Lindbeck and Sten Nyberg, ***Quarterly Journal of Economics*** 114, 1-35, 1999.
22. "Rationality and equilibrium in games", ***European Economic Review, Papers and Proceedings*** 42, 641-649, 1998.
23. "Nash equilibrium and evolution by imitation", with J. Björnerstedt, in K. Arrow et al. (eds.), ***The Rational Foundations of Economic Behaviour***. Macmillan, 1996.
24. "Evolutionary selection against dominated strategies", with Josef Hofbauer, ***Journal of Economic Theory*** 71, 558-573, 1996.
25. "Evolution and rationality: Some recent game-theoretic results", with Abhijit Banerjee, in Beth Allen (ed.), ***Economics in a Changing World, Volume 2, Microeconomics***. Macmillan, 1996.
26. "Evolutionary selection and rational behavior", with Abhijit Banerjee, in A. Kirman and M. Salmon (eds.), ***Learning and Rationality in Economics***, 343-363. Basil Blackwell, 1995.
27. "Does neutral stability imply Lyapunov stability?", with Immanuel M. Bomze, ***Games and Economic Behavior*** 11, 173-192, 1995.
28. "Evolutionary selection in normal-form games", with Klaus Ritzberger, ***Econometrica*** 63, 1371-1399, 1995.
29. "Equilibrium in strategic interaction: "The contributions of John C. Harsanyi, John F. Nash and Reinhard Selten", with Eric van Damme, ***Scandinavian Journal of Economics*** 97, 15-40, 1995.
30. ***Evolutionary Game Theory***. MIT Press, 1995.
31. "The 'as if' approach to game theory: Three positive results and four obstacles", ***European Economic Review*** 38, 868-881, 1994.
32. "A model of political equilibrium in representative democracy", with Assar Lindbeck, ***Journal of Public Economics*** 51, 195-209, 1993.

33. "On self-enforcement in extensive-form games", ***Games and Economic Behavior*** 4, 450-462, 1992.
34. "Strategy subsets closed under rational behavior", with Kaushik Basu, ***Economics Letters*** 36, 141-146, 1991.
35. "A note on the continuity of incentive schemes", ***Journal of Public Economics*** 39, 239-243, 1989.
36. "Altruism and time consistency - the economics of fait accompli", with Assar Lindbeck, ***Journal of Political Economy*** 96, 1165-1182, 1988.
37. "Welfare effects of alternative forms of public spending", with Assar Lindbeck, ***European Economic Review*** 32, 101-127, 1988.
38. "Constrained Pareto-optimal taxation of labour and capital incomes", with Lars-Gunnar Svensson, ***Journal of Public Economics*** 34, 355-366, 1987.
39. "Balanced-budget redistribution as the outcome of political competition", with Assar Lindbeck, ***Public Choice*** 52, 273-297, 1987.
40. "Perfectly flexible pricing in a homogeneous market", with Ante Farm, ***Scandinavian Journal of Economics*** 89, 487-495, 1987.
41. "An upper bound on optimal income taxation", with Lars-Gunnar Svensson, ***Journal of Public Economics*** 30, 165-182, 1986.
42. "Intergenerational aspects of public transfers, borrowing and debt", with Assar Lindbeck, ***Scandinavian Journal of Economics*** 88, 239-272, 1986.
43. "Discounted-value representations of temporal preferences", ***Mathematics of Operations Research*** 10, 1985.
44. "Classical statistics vs. information theory", ***Environment and Planning A***, 696-698.
45. "Stability and efficiency from a neo-Keynesian viewpoint", with Lars-Gunnar Svensson, ***Journal of Economic Dynamics and Control*** 7, 1984.
46. "Continuous linear representations of preference orderings in vector spaces", in H. Hauptmann, W. Krelle and K.C. Mosler (eds.), ***Operations Research and Economic Theory; Essays in the Honor of Martin J. Beckmann***. Springer Verlag, 1984.
47. "A dynamic simulation model of disequilibrium in the housing market", ***Sistemi Urbani*** 3, 325-354, 1984.
48. "Paternalism, buyers' and sellers' market", with Janos Kornai, ***Mathematical Social Sciences*** 6, 1983
49. "A dynamic model of trade frictions and disequilibrium in the housing market", ***Scandinavian Journal of Economics*** 85, 373-92, 1983

50. "A dual to the von Neumann-Morgenstern theorem", ***Journal of Mathematical Psychology*** 26, 1982.
51. "Competition and accessibility on a regional labour market", with Lars-Göran Mattsson, ***Regional Science and Urban Economics*** 11, 471-497, 1981
52. "On the numerical measurement of accessibility", ***Environment and Planning A*** 12, 53-67,1980.
53. "The normal state of the market in a shortage economy: A queue model", with Janos Kornai, ***Scandinavian Journal of Economics*** 80, 375-398,1978.
54. "A search model for microeconomic analysis - with spatial applications", in Karlqvist et al. (eds.), ***Spatial Interaction Theory and Planning Models***, North-Holland, 1978.
55. "A minimum information principle - theory and practice", with Folke Snickars, ***Regional Science and Urban Economics*** 7, 137-168, 1977.
56. "An axiomatic approach to the measurement of accessibility", ***Regional Science and Urban Economics*** 6, 357-379, 1976.
